

Accommodation in Munich

Issue November 2022

This brochure provides an overview of different accommodation types in Munich to young people. Please note that the accommodation situation in Munich is generally difficult, as cheap lodging is hard to find. The Youth Information Centre **does not have and does not rent apartments or rooms** but gives advice where to search and apply.

➤ Apartments and rooms for rent & shared flats

Daily newspapers:

- **Süddeutsche Zeitung (SZ)**
→ Print version: Advertisements appear every Wednesday and Friday
→ online version: www.sueddeutsche.de
- **Münchner Merkur and tz**
→ online version: www.merkurtz.immowelt.de
(in cooperation with www.immowelt.de)

Free district newspapers:

District newspapers appear twice or three times a week. You can usually find them in the mailbox or in front of the flats' staircases:

- **Der Münchner Wochenanzeiger**
→ online version: www.wochenanzeiger.de
- **HALLO München**
→ online version: www.hallo-muenchen.de

Caution!

Beware of very cheap offers – it might be a fraud! **Never pay money in advance before signing the rental contract or seeing the apartment.**

Shared flats for refugees arranged by www.zusammenleben-willkommen.de – Open counselling once a month at the LUISE Cultural Centre: www.luise-kultur.de/programm

What does 'WG' mean?

The acronym 'WG' stands for 'Wohngemeinschaft', which means a shared flat. Several people live together in one apartment and share the costs (rent, electric power, Internet etc.). Everyone has their own room, while the kitchen and bathroom are shared. 'WG' is very popular among young people in Germany (especially students).

Our advices:

Use the websites from the previous list and create your own (free) advertisement as an accommodation seeker. In order to avoid spam and inappropriate responses, we recommend you to create an extra e-mail-address for this purpose. Try to keep your e-mail-name anonymously and do not name it after your real surname and given name.

2nd advice

Subscribe to „Budenschleuder“, which is an e-mail newsletter. The newsletter contains private offers on rooms & apartments for rent. However mostly written in German. You can create your own ad and ask for publication in the upcoming newsletter.

→ Subscription via e-mail: budenschleuder@kraeftner.de

➤ Student accommodation, halls of residence & dorms

In general, students at German universities **do not receive accommodation on enrollment**. In practice, it means that not every applicant automatically gains a place in a dorm. Usually there are more applicants than the number of places available.

The student halls of residence are run by various organisations. These are: the student union, church organisations (Protestant or Catholic), associations and commercial providers.

The Munich Student Union

Please note that **halls of residence** provided by **The Munich Student Union** (in German: 'Studentenwerk München') are **only for local students** attending one of Munich's universities.

Information and online application at max. three halls of residences at www.studentenwerk-muenchen.de/en/accommodation The website also provides information on current waiting periods: usually 3-6 semesters. Disability-friendly accommodation is sometimes available after 1 semester.

→ There is a **housing lottery** for first semester bachelor students (starting in the winter semester). The registration for the lottery starts before the acceptance of the study place: from mid-May to mid-July via online application.

→ No room found and the lecture begins?

Limited number of emergency accommodations (only!) during October and November. For more information visit www.studentenwerk-muenchen.de/en/accommodation/

→ International students at Munich universities

Students of any Munich university or colleg should contact **The Munich Student Union**, which provides accommodation at various halls of residence. All Information in English (also French and Chinese) concerning availability, registration dates and conditions as well as the online application can be found at: www.studentenwerk-muenchen.de/en/accommodation

The Munich Student Union also provides an **Accommodation Advice Service** located in the **Advice Center**, which is in the Olympic Village – in the building called "Alte Mensa" (Mero U3 – Station: Olympiazentrum) Counselling via e-mail: beratung.internationales@stwm.de

→ Exchange Students / Erasmus Students

The Munich Student Union offers a '**Servicepaket**' (**Service Package**) for students who participate in the international exchange programs of the universities. There are a limited number of 'Servicepaket' rooms, so it is important to apply early on! For more information, see: www.studentenwerk-muenchen.de/en/servicepaket/

Important information and explanations

While searching for a place at halls of residence for school students, trainees, apprentices and volunteers, you may see words like 'Tagessatz' or acronyms like 'BAB' or 'BAföG'. Here we give you a short explanation of these terms:

Daily rate (in German 'Tagessatz')

'Tagessatz' means a daily rate. A **daily rate** includes lodging, (full) board, pedagogical support and leisure time activities.

BAföG

The acronym 'BAföG' stands for 'German Federal Law on Training and Education Promotion'. BAföG is a Student Grant (for school as well as university students).

BAB

The acronym 'BAB' stands for 'Berufsausbildungsbeihilfe', which is the German Training Support Grant for trainees and apprentices.

BAföG respectively BAB are both financial support for those, who are not able to afford their study, training etc. on their own or with help of their parents. The amount of the support depends among other things on the housing costs. Several requirements have to be fulfilled in order to apply for BAföG / BAB. These requirements also concern matters of: permanent residence in Germany, the citizenship etc.
